## 252.225-7017 [Reserved]

### 252.225-7018 Notice of prohibition of certain contracts with foreign entities for the conduct of ballistic missile defense research, development, test, and evaluation.

As prescribed in 225.7017-4, use the following provision:

NOTICE OF PROHIBITION OF CERTAIN CONTRACTS WITH FOREIGN ENTITIES FOR THE CONDUCT OF BALLISTIC MISSILE DEFENSE RESEARCH, DEVELOPMENT, TEST, AND EVALUATION (JUN 2005)

(a) *Definitions.*

(1) *Competent* means the ability of an offeror to satisfy the requirements of the solicitation. This determination is based on a comprehensive assessment of each offeror's proposal including consideration of the specific areas of evaluation criteria in the relative order of importance described in the solicitation.

(2) *Foreign firm* means a business entity owned or controlled by one or more foreign nationals or a business entity in which more than 50 percent of the stock is owned or controlled by one or more foreign nationals.

(3) *U.S. firm* means a business entity other than a foreign firm.

(b) Except as provided in paragraph (c) of this provision, the Department of Defense will not enter into or carry out any contract, including any contract awarded as a result of a broad agency announcement, with a foreign government or firm if the contract provides for the conduct of research, development, test, or evaluation in connection with the Ballistic Missile Defense Program. However, foreign governments and firms are encouraged to submit offers, since this provision is not intended to restrict access to unique foreign expertise if the contract will require a level of competency unavailable in the United States or its outlying areas.

(c) This prohibition does not apply to a foreign government or firm if—

(1) The contract will be performed within the United States or its outlying areas;

## 48 CFR Ch. 2 (10-1-05 Edition)

(2) The contract is exclusively for research, development, test, or evaluation in connection with antitactical ballistic missile systems;

(3) The foreign government or firm agrees to share a substantial portion of the total contract cost. The foreign share is considered substantial if it is equitable with respect to the relative benefits that the United States and the foreign parties will derive from the contract. For example, if the contract is more beneficial to the foreign party, its share of the costs should be correspondingly higher; or

(4) The U.S. Government determines that a U.S. firm cannot competently perform the contract at a price equal to or less than the price at which a foreign government or firm can perform the contract.

(d) The offeror ( ) is ( ) is not a U.S. firm.
